INTERPACK 2026 RECAP

From October 16-18, ten Circle K members from Penn State, Pitt-Oakland, and Duquesne traveled to Altoona for InterPACK, our annual fall conference. We were also joined by our International President, Neha Pasupuleti, from Ohio State. The weekend kicked off with a service project. Attendees assembled kits for The Jared Box Project. This Pennsylvania based organization provides toys and activities to children staying in the hospital. Clubs also provided some donations to go towards the boxes. 48 boxes, valued at over $1,000 will be donated to hospitals across the district.

Saturday morning started with breakfast and a workshop presentation by the Kiwanis Committee. Members learned networking, professional, and resume skills, to name a few. After lunch, everyone went to the Blair County Game, Wildlife, and Forestry Association. They are a non-profit that provides public outdoor space for people interested in hiking, hunting, and fishing. Circle K'ers sorted brass casings and shells to be recycled. Their efforts raised well over $1,000 that will go to youth shooting teams and hunter safety courses. When we finished the project, we were able to feed trout in a nearby pond.

INTERPACK 2026 RECAP

After a pizza dinner, everyone played trivia and spent the rest of the evening socializing. On Sunday, we had a brief closing session and installed our newly appointed Executive Board. While our attendance was small, our impact over the weekend was big. And everyone had a great time!
